

2 CUTE 3D OWLS

color this owl with fun colors!

this half

to this half

1. Cut out all elements, fold when indicated -----

2. Glue the tail pieces together.

use a lamp to match pieces together by transparency. This is the back of the owl.

3. cut out a V on the lower part of the beak to make it stick out (optional)

4. Glue the front on the back. Use a lamp, again, or a window, to match the pieces by transparency

. Et voilà, cute owl!

Make some more, it's fun!
